

## Trip to the cinema (Germany)

Outline: Experiential activities

Author: Franz Schifferl

School, country: Mittelschule Woerth, Germany

Subject: Aggression - Acceptance - Resolving conflicts

Title of the activity: "School Cinema"

Level: Lower secondary, 10 to 13

Date: 03/20/2018

We decided to put in practice Poland's activity "Trip to the cinema".

Together we watched the German film "Lippels Traum", based on the novel by the German author Paul Maar, famous for his books for children. In the film a boy solves his problems with bullying and a nasty housekeeper with the help of friends and the use of fantasy. After the movie we had discussions in class about supporting each other in difficult situations.
